## **WORK EXPERIENCE**

**Work Experience is designed as a win-win for Employers and Job Seekers.**

### **HOW DOES IT WORK?**

Employer agrees to provide a worksite training opportunity by hiring a candidate.

Potential employees are selected from a pool of prescreened candidates whose skills have been matched to the job requirements.

An agreement is signed by your company representative and the employee before training begins.

The length of time, hours and wage standards are based on an individual basis.

The ultimate goal is to provide the employer a trained potential new employee and the job seeker an opportunity to acquire marketable skills which can be utilized to secure permanent employment.
